Did you know…?
IRB Net is the only means of submission of IRB related paperwork at CUNY CUNY HRPP Offices and the UI-IRB no longer utilizes IRB Manager nor do they accept paper submissions.

The Latest CUNY HRPP Updates

Who do I need to share my project with in IRBNet?

All projects personnel. As per CUNY, you need to “share” your study with your entire project team (Co-PI, Faculty Advisor, Research Assistants, etc…). The reason for this is so that their identity is linked to the project, as well as their training certification.

Once an individual on your team registers with IRBNet and uploads there CITI Human Subjects Training to IRBNet, all the PI has to do is click the “share” button, and follow the on screen instructions. You no longer need to track down and upload each person’s CITI, as it will automatically be there.

I am doing an oral history project. does this require IRB approval?

Oral history projects that constitute human subject research must be submitted for CUNY HRPP or IRB review. Researchers should refer to the HRPP guidance, “When is CUNY HRPP or IRB Review Required?” to evaluate whether their proposed activities constitute Human subject research. Researchers who are not certain whether their activity constitutes human subject research should submit a Human Subjects Research Determination Form to their College’s HRPP Office.

NEW CUNY Guidance Documents
